

Aluminum - Knockdown (RRAL Series)

FEATURES

- Suitable for many 19" or 23" rack mount applications, providing complete access to equipment
- Lightweight aluminum
- Knockdown rack is shipped in a flat pack container for easy handling and shipping protection
- Choice of 19" or 23" panel width
- Easy assembly - only 12 bolts
- Front & rear flange is drilled and tapped (12-24), universal EIA spacing (5/8 - 5/8 - 1/2 inch)
- Includes quantity 30, 12-24 x 5/8" pan head screws
- For use as a single, free standing unit for support of standard 19" (or 23") rack mount devices
- Compatible with most other manufacturers for joining
- Weight load tested (RRAL1984) to 850 pounds
- Available either unfinished (shown) or black textured powder paint

Tapped - Front & Rear Flange

Aluminum K.D. - Accessories

GANGING KIT

- For use only with “Aluminum” relay racks
- Kit contains enough hardware to join two relay racks
- Used to join relay racks side by side
- No drilling required
- Connects through supplied 6 holes (2 in top, middle & bottom) of frame
- Part Number **RRALJK**

VERTICAL CABLE ORGANIZERS

Relay

- For use only with “Aluminum” relay racks
- Used to organize large bundles of connecting wires
- Manufactured in 16 Ga. steel
- Mounts to either side of open relay rack
- Finished in rugged black textured powder paint
- Two units shown here (left photo), mounted on a black painted aluminum relay rack

Part Number	Use	Rack Height
RRCMS48	Single Side	48"
RRCMS72	Single Side	72"
RRCMS84	Single Side	84"
RRCMD84	Both Sides	84"

- For use only with “heavy duty” & aluminum relay racks
- Used to organize bundles of connecting wire
- Manufactured in 16 Ga. steel
- Mounts to either side of open relay rack (includes mounting hardware)
- Front of units include a hinged door secured with magnets
- Finished in rugged black textured powder paint
- Two units shown here (right photo), mounted on a black painted aluminum relay rack
