INSTALLATION INSTRUCTIONS

Retrofit Applications

Step 1a. Disengage the hook and loop cinch tie, as well as the hook and loop strips along the top edge and side of the fabric sleeve, as shown in Fig. 1a.

Step 2a. Open the fitting to accept the existing cable bundle by separating the end of the fitting assembly as shown in Fig. 2a. Place the fitting around the cable bundle.

Fig. 1a

Fig. 2a

Step 3a. Reattach the hook and loop side strip as well as the cinch tie. Align Cool Boot fitting with cabinet top bezel and insert by pressing down on the top of the outer edges of the fitting assembly as shown in Fig. 3a.

Step 4a. Reattach the hook and loop at the top edge of the fabric sleeve. Then, pull the hook and loop cinch tie tight around the cable bundle, as shown in Fig. 4a. Wrap cinch tie around the cable bundle and attach to itself. If applicable, trim off excess cinch tie material.
